Calumet Specialty Products Partners, L.P. Statement of Kosher Status

Calumet Specialty Products Partners product kosher status is dependant upon the plants that produce our products. Our Calumet Penreco, LLC facilities, and all the products they produce, are fully Kosher Certified and the certificates are posted on this website in the Certifications area.

All other Calumet Specialty facilities, as producers of base oils, process oils, solvents and waxes, do not participate in the Kosher Certification process. Calumet Specialty Products will confirm that products produced in these facilities, if they are 100% petroleum composition materials, are derived solely from crude oil and petroleum feedstocks. No animals are used in the processing of our oils, solvents and waxes.

Please direct any questions to:
