**Penreco specializes in Niche Product Blending to meet customer or monograph (including, not limited to USP/NF, EP, JP, EU) specific requirements.**

Manufacturing specifications are confirmed upon request.

### Regulatory Information

- White Mineral Oil is included on the TSCA Inventory.
- The CAS number for all products listed above is 8042-47-5.
- See Safety Data sheet for additional health, safety and disposal information.
- All Drakeol products, Draketex 50, and Penetecck meet the following FDA regulations: 21 C.F.R. § 172.878 regarding direct food additives, 21 C.F.R. § 178.3620 (a) regarding indirect food additives, and 21 C.F.R. § 573.680 regarding animal food additives and H1 food processing lubricant standards. Penreco technical mineral oils meet 21 C.F.R. § 178.3620 (b) regarding indirect food additives and 21 C.F.R. § 573.680 regarding animal food additives.

### Notes

- All Drakeol products, Draketex 50, and Penetecck are inhibited with less than 20 ppm dl-alpha tocopherol (vitamin E).
- Colors for all Drakeol products, Draketex 50, and Penetecck are +30 Saybolt. Colors of all technical oils are at least +20 Saybolt.
- Test methods used are current USP/ASTM or validated Penreco equivalents.

Product Specifications are subject to change. All product sales are subject to the applicable terms and conditions.
