Dear Valued Customer,

The Cosmetic Regulation provides the regulatory framework for the phasing out of animal testing as it relates to the cosmetic industry in the European Union. Per the Cosmetic Regulation, the testing ban on finished cosmetic products applies since September 11, 2004 and the testing ban on ingredients or combination of ingredients applies since March 11, 2009.

Calumet Refining, LLC is a raw material/ ingredient supplier of numerous products that could potentially be utilized in cosmetic applications. This letter is a certification that animal testing has not been initiated or conducted by or on behalf of Calumet or Calumet's raw material suppliers after March 11, 2009.

Please do not hesitate to contact Calumet's Product Support Department with any further questions.

Sincerely,

Lynn Massad
