01 January 2022

To Whom It May Concern:

Most, if not all of Calumet Refining's 100% petroleum products will completely biodegrade given sufficient time. Although Calumet Refining has not performed laboratory tests on the products for biodegradability, similar products have been tested with a complete biodegradation between two months and two years.

Please contact Calumet's Product Support Team at technical@clmt.com should you have further questions.

Sincerely,

Lynn Massad
Technical Market Development Manager
